WITHOUT the smallest desire 'to enter into a polemical discussion, and without the least inclination to attack the doctrines of the Roman Catholic Church, we vet feel bound to take exception to a passage in Bishop BAIMONDI'S Pastoral of the. 26th ultimo. The passage complained of runs as follows:-" When impious laws, having no. regard to the respect due to this great Sicrament, have placed it in the same category as purely civil contracts, the deployable consequences are that, the dignity of Christian marriage being riolated, some citizens have substituted legal concubinage for legitimate unions; the married couple neglect their mutual duties of fidelity, the children do not observe the respect and obedience which they owe to their parents, and the ties of domestic affection have been relaxed, and, what is a tually shipped over to Hongkong. He surely must have forgotten, in his zeal for the observance of the sacraments of his Church, that he also owes a duty to the State. But this is not all. Section XXV. requires that the first notice be sent to the Post Office.

In the case of steamers plying regularly or on fixed days, notice of any change in the day or hour wilt be sufficient. Stamped correspondence may still be sent on

illogal. Consignees' letters are exempted by law from passing through the Post Office, but no person is allowed to make collection of such letters for transmission under a penalty of £100 per week during which the practice continued. PATTERNS. Some difficulty is experienced in obtaining a general understanding of what is a Pattern. It

is a hand fide sample of goods which the sender has for sale, or of goods which he wishes to order. It is to consist of the smallest nossible quantity computible with showing what the goods are, and must have no intrinsic value. Most countries to which Hongkong forwards Correspondence baving formed the General Postal Union or being probably about to do so, it is necessary that the following rules be strictly observed.
